Education

Ph.D., Ecology and Evolutionary Biology 2020

Co-major: Environmental Science

Iowa State University, Ames

Dissertation: “Late Quaternary Paleoecology of the North American Midcontinent”

Advisors: Dr. Lynn G. Clark and Dr. Alan D. Wanamaker

B.Sc., Environmental Science 2008

University of Washington, Tacoma

Thesis: “Evaluating Conditions in *In-Situ* Mesocosms”

Advisor: Dr. Bonnie J. Becker

Postdoctoral Training

IRACDA@UCLA Postdoctoral Fellow 2020 - present

Department of Earth, Planetary, and Space Sciences, University of California, Los Angeles

- Postdoctoral fellow in the NIH-funded Institutional Research and Academic Career Development

Awards (IRACDA) program

- Participate in CIRTTL training leading to undergraduate teaching certification at the Scholar level

- Conduct research in functional paleoecology in the labs of Drs. Nathan Kraft and Aradhna Tripathi

- Engage in mentorship of graduate and undergraduate STEM students

Early Career Fellow, Center for Diverse Leadership in Science 2020 - present

- Engage in ongoing training in the implementation of anti-racist practices in teaching and research

Postdoctoral Research Associate 2020

Department of Ecology, Evolution, and Organismal Biology, Iowa State University, Ames, IA

- Conducted analyses on high resolution limnological data in the lab of Dr. Grace Wilkinson using high-powered computing.

Awards and Honors

Iowa State University Graduate College Research Excellence Award	2020
This award is to recognize academically superior graduate students for outstanding research accomplishments as documented in their theses and dissertations.	
Department of Ecology, Evolution, and Organismal Biology Senior Assistantship	2019
Competitive research assistantship provides one semester of stipend, tuition, and benefits.	
Iowa State University Professional and Scientific Team Citation Award	2017
Presented to the members of the ISU Stormwater Management Committee.	
This award honors a team that: 1) has performed above and beyond the call of duty,	
2) has done something extraordinarily well, and	
3) has acted in such a way as to make a significant impact on the institution within the past year.	
Iowa State University Graduate College Teaching Excellence Award	2016
This award honors the top 10% of graduate students at ISU for outstanding teaching, as evaluated by their academic departments.	
Participant, {GeoChronR} Workshop	2016
Competitive-entry 3-day workshop hosted at Northern Arizona University in time-uncertain data analysis using the GeoChron package for R.	
NSF-funded; travel, room and board, and workshop entry expenses paid.	
Organizers: Nick McKay, Julien Emile-Geay
